

**Lake Monroe Boat Ramp
966 Lakeshore Drive
Deltona, Fl.**

Located directly across the street from the Deltona Community Center, this newly renovated (March 2008) boat ramp has two floating docks, benches, picnic tables and an improved vehicle and boat parking area located directly across the street. This project was funded by a grant from the Florida Fish and Wildlife Conservation Commission under the Florida Boating Improvement program. Native water plants, trees and local plantings were part of this beautification project. Future additions to this site will include two covered pavilions.

Daily access to this boat ramp is from 7:30 am to dusk.

This facility is ADA accessible
